Registration - Please Read!

- **Coaches:** *Everything takes place at the contest site.* Everyone should bring what they need with them – don't leave coats, pencils, etc. on the bus. A reminder, there are two outhouses at the base of the hill off to the right, and several more at the contest site.
- **Coaches:** Please arrive early enough to walk up to the meadow contest site, complete registration, have students pick up their promotional item, and be ready at **9:00** for the group picture. Announcements are at **9:10**, then at **9:25** students will have 5 minutes to walk to their first station before the contest begins at **9:30**.
- **Registration Tables** will be set up just as you reach the meadow. Pick up your packets, check them for accuracy as far as number of teams and individual competitors – if there are any changes from pre-registration let Registrars know, and then hand-write the complete list of your competitors. Distribute the color-coded brochures with attached Identification Stickers to your students (each Contestant has their own number and group color assignment). Have them immediately write their names on all ten of their stickers and wear one of the stickers as a name label.
- **Students:** At each station when the tests are handed out, place one of your Identification Stickers on the form and write your name legibly. Tests without names or labels are given a zero. *Any student who changes their assigned color group will be disqualified.*
- **Jr/Sr Competitors:** A separate table near registration will be set up for promotional items for contestants. Registration packets will include an extra identification sticker that students turn in at the promotional table. Please have students pick up a promotional item right after they are registered.
- **Rookie Competitors:** Your promotional items will be given to your coaches to distribute on the bus.

ALL VOLUNTEERS: Please check in at the Volunteer Station – and receive your promotional item!

Prepare for All Test Stations

Eight of the ten sections in your manual will be tested - be prepared and study all ten. If you need a manual, check either of the following websites, or call Linda at 208-263-5310.

Be Prepared for the Weather!

As you all know, the spring weather in northern Idaho can be very unpredictable. Please encourage participants to bring extra warm clothes in layers, and water-proof shoes or boots if possible. Also bring **rain gear** - just in case. The weather can change quickly. Tents will be set up at each station, but coaches are encouraged to bring large garbage bags to be used as raincoats for students who forget to bring rain gear.

What To Bring

Participants should bring **two pencils**, a **clipboard**, a **calculator** and a water bottle. Clipboards can be made using thin board, a clip on the end, and a piece of acetate to cover the test in case of rain.
